

## Sisters With Rare Genetic Disease Have Halos Removed

Air Date: Sun 21 Apr 2019 Expires: in 1 week

[Watch later](#)

There's been a happy update on the remarkable pair of sisters who went through a very unconventional type of treatment to straighten their spines.

Channel 10 News visited the CMRI Jeans for Genes stall at the Easter Show and did a story on the Luk family who have a very personal reason for volunteering.
